Alaska Medical Network Participants
WAN Diagram of the currently documented participants
structured
Latest Revision: May 21, 2009
Device Types
Customer Switch
Customer Router
Customer Firewall
Provider CPE
Non-CPE Provider Junction
Customer VLANs
Customer LAN Subnet (transparent area)
Provider Facilities
General Reference to Provider Network
Inside a Colocation Facility Rack
WAN Clouds
Serviced by KuC Band Satellite Cloud (rounded transparent)
Serviced by Microwave Platforms (rounded transparent)
Serviced by iDirect Satellite Cloud (rounded transparent)
MPLS/ TLS Service WAN Cloud (rounded transparent)
Service Provider Internet Cloud (transparent center)
Circuit Types
Cable Type 10Mb Connection
10mb Ethernet
100mb Fast Ethernet
1gb Gigabit Ethernet
Wireless Service (torquise transparent video)
Connection Types
Tengig Ethernet
Gigabit Ethernet
Fast Ethernet
10mb Ethernet
Serial
Interfaces
Key Tech, Contacts, Cultures, or Lines that are Dashed, Dotted, or Dash, SUSPECT or require INVESTIGATION!
